0G Summit – Space Diplomacy in the Age of NewSpace

Wednesday 27 September 2017, 11:30 – 12:00

Location: Adelaide Convention Center – Hall C

Since the dawn of human spaceflight, astronauts have been captivated in space by the Earth's mystical blue aura and drawn to a world beyond political boundaries. At the advent of our NewSpace age, i.e., commercialization of space, the day is not far when nations will galvanize their common humanity in space to find innovative solutions for a peaceful world. The GNF presentation will unveil Space Trust's thought leadership to make Space the New Frontier for Peace by engaging world leaders to utilize space as a sustainable tool for peacemaking and conflict resolution on Earth. To that end, Namira Salim, Founder & Executive Chairperson of Space Trust will report on its lead initiative, 0G Summit, which was launched on the sidelines of the UN General Assembly on 18th September 2017 towards 0G Summit 2030, the first peace summit in space in support of Space2030 and the UN Sustainable Development Agenda 2030.
